

## ChemSolutions® Health, Safety, Security, and Environmental Commitment

C.H. Robinson's ChemSolutions® provides logistics services across North America. We collaborate with our employees, our customers, our contract carriers, and our governmental agencies helping to ensure that materials are transported in a safe and secure manner.

We are committed to complying with all aspects of the law using technology solutions to ensure that our contract carriers meet C.H. Robinson, customer, Responsible Care®, and industry requirements. We continually strive to improve our HSSE performance and our internal systems to promote a process safety culture, encouraging openness, and identifying opportunities for improvement to health, safety, security, and environmental excellence.

In support of our commitment to the Responsible Care Guiding Principles, and the Product Safety and Process Safety Codes, we are dedicated to safety, security, environmental stewardship, as well as working with our customers to develop solutions in support of our common sustainability goals.

Please email [CHRWRResponsibleCare@chrobinson.com](mailto:CHRWRResponsibleCare@chrobinson.com) if you have any questions or for additional information regarding Responsible Care.
